SUMMARY

Experienced SQA Analyst with 3+ years of professional experience in manual and automation testing of web app, health care and enterprise applications. Skilled in functional, UI, exploratory, security and performance testing with expertise in writing comprehensive test cases, executing automated scripts and performing thorough manual test validations. Proficient in API testing, bug tracking and role-based scenario validation. Adept at leveraging automation frameworks and manual testing techniques while collaborating with cross-functional teams to ensure high-quality software delivery.

WORK EXPERIENCE

SQA Automation Engineer - AllZone Technologies - LHR **Dec 2024 - Present**
Key Responsibilities:

- Developed and maintained automation test scripts using Selenium & Cypress to ensure comprehensive coverage across web and enterprise platforms.
 - Conducted functional, regression, and performance testing with 80% reduction in regression defects.
 - Collaborated with development teams across Waterfall, Agile, and Scrum models to identify, report, and resolve critical bugs early in the testing cycle.
 - Performed API testing using Postman and integrated automated test suites into CI/CD pipelines.
 - Enhanced testing efficiency and reduced test execution time by implementing parallel testing strategies.
 - Tracked testing progress through GitHub, Jira, Bugzilla, Trello.
-

Associate SQA Engineer - Ruby Zoom Solutions- RYK **Oct 2022 - Nov 2024**
Key Responsibilities:

- Strong understanding of SDLC and STLC.
 - Skilled in writing clear test cases and test scenarios.
 - Hands-on experience with functional and regression testing.
 - Good at identifying, documenting and tracking defects.
 - Familiar with API testing using Postman.
 - Comfortable testing across web and mobile platforms.
 - Able to work closely with developers to ensure smooth releases.
 - Tracked progress through GitHub project boards.
-

EDUCATION

Bachelor of Software Engineering **2020 - 2024**
Khawaja Fareed University of Engineering & Information Technology

CERTIFICATIONS

- Certified QA Professional – Alison
 - Test Automation with Cypress – 10Pearl University
 - Scrum Fundamentals Certified (SFC) – ScrumStudy
-

Manual SQA Skills

- Test case design, execution and documentation
- Functional, regression, exploratory and smoke testing
- Exploratory and ad-hoc testing
- Test scenario creation based on user stories
- Cross-browser and cross-platform testing
- Usability and UI/UX validation

Test Automation Skills

- Testing Tools: Selenium, Cypress, JMeter, TestNG, PyTest
- API Testing: Postman
- Programming/Scripting: JavaScript, HTML, CSS, Bash, PowerShell
- Frameworks: React.js, Node.js, Express.js
- Databases: MySQL
- Version Control: Git, GitHub
- Project Management: JIRA, Bugzilla, Github, Trello

Skills Development

- Test Case Design
- Exploratory Testing
- API Validation
- Security Basics
- Accessibility Testing
- Mobile Testing
- Agile QA Practices
- Usability Testing
- Risk Based Testing
- Selenium WebDriver
- Cypress
- CI CD Pipelines
- Docker Basics
- Test Framework Design
